

# EU-UKRAINE BUSINESS SUMMIT

ON THE ROAD TO URC2025

10 & 11 APRIL 2025  
AUTOWORLD, BRUSSELS

SAVE THE DATE

## ANNUAL SUMMIT

Following the success of Ukraine's Future Summit last year, the EU-Ukraine Business Summit will be the occasion for businesses to get acquainted with **opportunities Ukraine offers, and the financial support the EU makes available** to help European companies invest in Ukraine. The summit will look at Ukraine's reconstruction through the lens of European reindustrialisation and showcase reforms that can unlock investment and improve the business environment.

The Summit, co-organised by the European Commission, with the support of the Mission of Ukraine to the EU, Italy as organiser of the 2025 Ukraine Recovery Conference and the Polish EU Presidency, will feature a series of **topical panel discussions and hands-on sessions and workshops for businesses**. At a critical point in time, it demonstrates the European Union's readiness to lead as Ukraine's most steadfast supporter.

## ABOUT EUROPEAN BUSINESS SUMMITS

European Business Summits is an organisation which creates and supports networking and debating events in Brussels. The principal goal is to bring business and politics together and stimulate thinking on the most challenging European issues. Through its events, EBS delivers an inspired and informed contribution to policy-making in Europe.
